The patient will then be prompted to a new menu screen and select “Personal Health Assessment (PHA) Scheduling”.

	Schedule an Appointment Need to see your CareATC® provider? Schedule an appointment online 24 hours, 7 days a week for you or a family member.
	Personal Health Assessment (PHA) Scheduling Complete your questionnaire, schedule a PHA draw appointment, and view previously scheduled appointments.
	Find a CareATC® Location Click here to find out which CareATC locations are nearest to you. List is provided according to patient eligibility.

If the patient is eligible to schedule their PHA at an outside lab facility, they will select “At Another Location”.

How would you like to complete your Personal Health Assessment?

 At Work I'll attend a draw on-site where I work	 At The Clinic I'll go to a CareATC Clinic for my draw	 At Another Location I'll go to an outside facility for my draw

The patient will then receive an option to select LabCorp. Once the facility has been chosen, the patient will be prompted to complete the check in process by verifying information, delivery preference and signing the authorization. From here they will answer some health-related questions and self-report their height, weight, waist circumference and blood pressure. After completing the questions, the patient will then be routed to LabCorp’s website where they will have the option to schedule an appointment at one of their facilities if they choose to do so.
